MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with Juri RAUS

1. On 7 December 1965 I met RAUS in the drug store opposite the SR/CA ( ) I then escorted him to the ( ) in order to go over with him the interrogatories which had been served on him by HEINE's lawyer, the purpose of the exercise being to assure that we together identified those questions which have possible security implications. I had previously examined the questions from the standpoint of protection of the Agency and had further discussed them with representatives of AEDEPOT (now IUDEPOT), assuring them that I would be alert to see that their interests were fully protected in compiling the answers to these interrogatories.

2. In going over the questions RAUS identified precisely the same questions which I had previously noted as having security implications. However, he did point out certain other questions all of which pertain to his AEDEPOT work and we discussed them together. He indicated to me that he was not completely sure of AEDEPOT affiliation, whether Department of Army, Department of Defense, or some other. He did hint that he suspects it to be an Agency mechanism. His words were "To tell the truth I am not sure precisely what organization is involved." I did inform him that I had established contact with his AEDEPOT "friends", specifically with ( ) and I told him that I would check closely with them and keep them advised on the case. He was entirely free to call them if he cared to do so, but they were satisfied that their interests were being protected by me.

3. The questions which gave concern by reason of his AEDEPOT relationship are as follows:

Question 10: RAUS' initial AEDEPOT course in 1960 was of six months duration so that it might be said that his "residence" during that period was at their training site. He was also involved in a six weeks overseas assignment for AEDEPOT in 1963 (he was not certain of the date) and regular two week training periods annually.

Questions 32 and 33: He took a physical examination in connection with his AEDEPOT work.

Question 69: He did take special training for AEDEFOT.

Questions 154 and 155: RAUS has an income of approximately \$100 per year from AEDEFOT.

Questions 209 through 123: AEDEFOT took out a life insurance policy on RAUS and holds the policy in their files.

4. Two other questions should be noted although they pertain not to the security of the Agency but to the FBI. Questions 80 and 81 asked him to name anybody he knows who is currently employed by the FBI. While we may not want to advise him as to his answer to these questions we should be cognizant of the fact that he does know several FBI agents by name and has met with them on various occasions in the past.
